【Introduction】

Those attending the graduation ceremony at Sophia University, including students, parents, and guarantors, are required to register in advance through the ticket application system.

On the day of the ceremony, please present the QR code from your My Page at the entrance of the venue. This operational manual provides application and method to modify registration information for students. If you have any questions or concerns, please contact "[soumu kouenkai-co@sophia.ac.jp](mailto:soumu_kouenkai-co@sophia.ac.jp)" by email, including your name, faculty, and the email address used for registration. Additionally, please review the following important points before applying.

【Please note】

- Each student will need their own QR code.
- If you register with the following mobile carrier email addresses, you may not receive the "Registration Completed" email which is supposed to be sent immediately after registration. We recommend registering with an email address other than the one listed below, if possible. However, even if you do not receive an email, you will still be able to enter with the QR code issued on your My Page.
〇〇@docomo.ne.jp, 〇〇@au.com, 〇〇@ezweb.ne.jp
- If you wish to change the reserved seat block after registration, please cancel the reservation once and then register again as a new application.
- If you are unable to attend the ceremony after obtaining the QR code, be sure to proceed with the cancellation process.
- Sophia University uses the "Event planner" system from TKP Corporation for the entrance ticket application system. Please be aware that the name "Event Planner" and the following logo will appear on the application screen and in the registration completion email.

- At the end of the manual, there is also an Frequently Asked Questions, so please check there as well.
