Randall E. Duran,
Senior Lecturer of Information Systems,
Singapore Management University

Randall E. Duran is a Senior Lecturer of Information Systems at Singapore Management University, where he teaches courses on financial services technology and data analytics. He earned his Bachelor's and Master's degrees in Computer Science from the Massachusetts Institute of Technology (MIT). His teaching draws upon extensive professional experience in East Asia, including leadership roles in several companies. Randall managed business development and technology consulting across the Asia Pacific region, focusing on Japan, China, Singapore, Hong Kong, and Thailand markets. His research interests include Fintech and the application of artificial intelligence.
