 The Educational Ideals of Sophia University

The Educational Ideals of Sophia University

Based on Christian principles of education, Sophia University attests to the Jesuit Order's four-hundred-year-old interest in Japan. The aim of Sophia University is to prepare individuals coming from different countries to recognize the fundamental unity of the human race in the different cultural traditions of the world and to work for the concrete achievement of that unity. The roots of the university go back to 1549, when St. Francis Xavier, a Jesuit, landed in Kagoshima with the hope of starting a Catholic university which would introduce Western culture to Japan. In 1908, nearly 360 years later, three members of the Society of Jesus—the German Father Joseph Dahlmann, the French Father Henri Boucher, and the English Father James Rockliff came to Japan with the mission of fulfilling St. Francis Xavier's aspiration. As a result of their efforts, Sophia University was established in 1913, when the Japanese Ministry of Education gave the Jesuits permission to found a new educational institution under the Japanese name of Jōchi Gakuin. Sixteen students enrolled in the first class. Sophia University has grown from these modest beginnings to become one of Japan's foremost private universities with a student body of over 12,000 undergraduate and graduate students and a teaching staff of more than one thousand. In the tradition of the international character of Sophia University's founders, the faculty members represent approximately twenty different nationalities; they are committed to conveying both humankind's cultural and intellectual heritage and a concern for the problems facing the world today to the next generation through their scholarship and teaching.

Q How should I contact my professor?

A Check the faculty status of your professor, full-time or part-time, on the List of Instructors available on Loyola. Names marked with an asterisk “*” are adjunct instructors.

Q Where and when can I get information and advice on course enrollment?

A Academic Services of the Center for Academic Affairs provide information and advice on course enrollment (no telephone inquiries about course enrollment, grades, credits etc. are accepted). Please visit the office during the office hours on weekdays.

Q I went to the classroom listed on the timetable, but a different class was in session.

A The classroom may have been changed. Check the updated classroom information on My Sophia.

Q The class period has started, but the instructor is not in the classroom; what should I do?

A First, check on Loyola for cancelled classes.

If your class is not on the list of cancelled classes and the instructor does not come to class 30 minutes past the scheduled starting time, please notify the Center for Academic Affairs and follow their instructions.

Q I have to be absent from class for family bereavement; is there a notice for authorized absence I should hand in?

A Sophia University does not have a system for authorized absence from class or notices of pre-approved absence.

If you were absent from class for unavoidable reasons, please see your class instructor in person and explain the situation. The Center for Academic Affairs cannot relay your message of absence from class. When you return to the university, contact the teachers of the courses you are taking (if you were absent because of infectious diseases, see 2. ACADEMIC SERVICES > 1. Courses > Absence from Class Absence from Class). If you were absent during the Final Exams period, you may be allowed to take a make-up exam.

However, in the following three cases, if a student makes a request and report in the prescribed format determined for each case, the faculty will consider it so as not to disadvantage the student:

(1) When a student is appointed as a lay judge (For details, refer to 2. ACADEMIC SERVICES > 1. Courses > Absence from Class due to Selection as Lay Judge)

(2) When a student contracts an infectious disease (For details, refer to 2. ACADEMIC SERVICES > 1. Courses > Infectious Diseases)

(3) When a student participates in a practice for certificate programs such as Teaching Practice, School Nursing Practice, Volunteer Experience program, and Museum Curator-Field Work (For details, refer to 履修要覧〔教職・学芸員課程編〕).

Q I want to know the schedule of university holidays and final exams, etc.

A Please refer to the 2025 Calendar for the Academic Year.

2. Announcements and Notices

All announcements from the university to students will be posted via internet on the My Sophia. Any disadvantages that may arise from failure to check the notices are the responsibility of individual students.

My Sophia is a smartphone app and website that students should check for university announcements, class schedules, and information on class cancellations, makeup classes, and room changes.

- Bulletin Boards (Individual notice, class bulletin board, Department/Faculty bulletin board, University bulletin boards, etc.)
- Questionnaires (excluding course questionnaires)
- Application
- Registered Class Schedules
- Class Cancellations / Make-up Classes / Room Change Information

The course schedule is linked to Loyola and the schedule of your registered courses for the week will be on display. Make sure to check if a badge shows up, for notices such class cancellations, make-up classes and classroom changes.

The Loyola Web-service (Loyola) is the official academic web portal of Sophia University. Loyola provides access to important information and services related to academic matters.

Using Loyola, students will be able to:

- Search course schedules and classrooms
- Register and withdraw from courses
- Check their registration status and grades
- Update registered personal data if there are any changes in the student's or guarantor's address

All announcements on class information (cancelled classes, make-up classes, and temporary change of classrooms), messages to individual students and important urgent notices are posted on My Sophia.

3. Guidance Programs

The students are expected to decide on and to plan their own studies. There are various guidance programs held at the beginning of the semester to help them in course selection, registration and to give information on curriculum contents and study activities. Be sure to attend these. The following are the main guidance programs:

Students	Should attend these guidance programs:
First year students	New students guidance
Second year students and above	Current students guidance
Students intending to take teaching license course	Teaching license course orientation (April) Guidance session for new students of teaching license course (September)
Intending to take curator license course	Guidance session for new students of curator license course

Additional guidance programs may be offered as necessary; date and time of each program will be announced on My Sophia.

4. How to Contact Your Professor

The class professors are either full-time faculty of Sophia or adjunct instructor from other universities coming to teach a particular course. The procedures for contacting professor differ depending on whether they are full-time or part-time:

■ Full-time faculty:

Full time faculty have offices on campus and individual office hours for student appointments. If you need to make an appointment outside of office hours, contact your department office for instructions.

Also, there are class advisors and academic advisors for each undergraduate class or seminar. The students may seek their advice on studies, course enrollment, career options and any difficulties in student life.

- List of professors' offices and their office hours : My Sophia
- Other Department offices : My Sophia
- List of principal class professors / academic advisors of Departments: My Sophia

■ Adjunct instructors do not have offices on campus; contact them before or after classes. Some instructors may release their personal e-mail addresses to students.

Information on whether or not an instructor releases their contact information is available at the Center for Academic Affairs (Academic Services). Students should bring their [Student ID Cards](#) and inquire in person.

For the protection of personal information, the office does not accept telephone inquiries.

The Center for Academic Affairs does not relay messages from students to their professors.

■ If you do not know whether the professor you wish to contact is full-time or an adjunct instructor:

Please check the list of courses with names of class professors to see whether the professor is full-time or part-time.

The professors with an asterisk “*” in front of their names are adjunct instructors; those without an asterisk are full-time faculty.

5. Change of Address

If there are any changes in address of the student or the guarantor, enter data on Loyola from the “Change of address of students” menu.

If there is a change in address of a guarantor residing abroad, please submit the “Change of address” form to the Center for Academic Affairs; you cannot make the change on Loyola.

If there is a change in address of the student, receive a new “enrollment sticker” from the Center and paste it on the back of your Student ID Card.

6. When Public Transportation is Shut Down

When public transport services are shut down due to natural disasters such as typhoons and heavy rainfall or due to accidents or strikes and it is difficult to hold classes or final exams, special measures will be taken to cancel classes or change exam schedules. The special measures will be announced on the official university website, My Sophia, the official Facebook or the official X (formerly known as Twitter) page; the students are responsible for checking the websites for information.

At the beginning of a semester, there may be frequent classroom changes. Please make it a habit of checking the classroom on My Sophia before you go to your classes.

Changes of classrooms for the whole semester

The new classrooms and the dates of changes will be posted on the My Sophia Class Bulletin Board. Please also check the changes on My Sophia under "Course Schedule".

Temporary changes of classrooms

Textbooks

The textbooks necessary for classes and reference books will be listed on Loyola under “Curriculum Course Registration Info → Syllabus Inquiry”. If you are not required to have them prepared before classes start, follow the instructions of the teacher on the first day of class. The textbooks and reference book order are available through the Kinokuniya website at the start of the semester. For details, please check My Sophia.

Class Cancellation

If a class professor cannot hold classes for reasons such as official duties, official trips, academic meetings, or illness, the classes may be cancelled. Information on class cancellation will be announced on My Sophia when the class professor notifies the office. However, under unavoidable circumstances we may have to announce the cancellation on the day of the class, so please make sure to check My Sophia before you go to your classes every day.

If your class is not on the cancelled class list on Loyola but the professor does not appear in class 30minutes after the scheduled starting time, please notify the Center for Academic Affairs and follow their instructions.

Make-up Classes

Make-up classes are normally held on predetermined dates scheduled in the Spring and Autumn Semesters, but they may be held on other days. In both cases, the classroom, date and time of make-up classes will be announced on Loyola. Please check My Sophia before you attend the make-up class. For Make-up classes, check the Calendar for the Academic Year. Note that the make-up classes are held in the same manner as regular classes as they are intended to make up for classes that were cancelled.

Absence from Class

Sophia University does not have a system for registering an authorized absence from class or a pre-approved absence. The Center for Academic Affairs cannot relay your message regarding an absence. If you are absent from class due to unavoidable reasons such as bereavement, delay in public transport service, or illness, you need to contact your class instructor and explain the situation. However, if you are absent during the Final Exams period, you may be allowed to take a make-up exam (See 2. ACADEMIC SERVICES > 7. Examinations > Make-up Exams).

If you need to be absent for a long period of time due to illness or injury, consult the Department/ Graduate Program Chairperson or your class advisor on My Sophia.

Infectious Diseases

When students contract an infectious disease as defined by the School Health and Safety Act (influenza, COVID-19, measles, whooping cough, rubella, mumps, chicken pox, etc.), they are not allowed to come to school for a certain period of time to prevent the spread of the disease.

If students contract a new infectious disease, special measures may be taken; please check announcements on My Sophia and Web Piloti.

Should you contract such a disease, take the following steps:

1. You must follow your physician's instructions and stay home until there is no risk of infection. Please notify the Health and Wellbeing Center Health Services of your situation by My Sophia. Please fill in the questionnaire "Survey on Infectious Diseases (including COVID-19)".
2. Download the "Doctor's permission to return to campus (Toko Kyoka Sho)" (感染症治癒後登校許可証明書) from the university website and have it filled out by your physician (a form from any medical organization may be used if it states the period the student is not allowed to go to school).
3. When you return to school, submit the above original certificate to Health and Wellbeing Center Health Services, and photocopies of the certificate to each of your class instructors.
*For absence during the final exam period, refer to 2. ACADEMIC SERVICES > 7. Examinations > Make-up Exams.

Absence from Class due to Selection as Lay Judge

The lay judge system introduced in recent years according to “Act on Criminal Trials Examined under Lay Judge System” allows students to decline to serve as lay judges. However, to respect the intentions of students selected wishing to serve as lay judges, students may serve through the following procedures:

Students who may apply:

Full-time undergraduate or graduate degree students at Sophia University and non-matriculated students (excluding auditing students).

Reasons justified for applying

1. Appearing at a courthouse as a lay judge candidate for appointment procedures
2. Attending a trial as a lay judge
3. To attend a court as an alternate lay judge member

Procedures

In general, students must contact the Center for Academic Affairs, receive a copy of the designated Notification of Absence due to Lay Judge Service form, and submit this form, along with a copy of the Notice of Date for Lay Judge Appointment sent in the mail from the court, to the faculty member(s) in charge of the class(es) from which the student is to be absent. The student must also show to the faculty member(s) the post-trial discharge certification documentation issued by the court.

Absence from class

When the student follows the above procedures, the professor will process the absence as follows so that the student will not be at a disadvantage.

1. Classes: the student will not be considered “absent”; providing any alternative measures will be at the discretion of the professor.
2. In-class exam: the student will not be considered “absent”; providing any alternative measures will be at the discretion of the professor.
3. Final exams: the student may take a make-up exam; the student must follow the usual procedures and submit a request for make-up exam by the deadline (See 2. ACADEMIC SERVICES > 7. Examinations > Make-up Exams).

*For reference:

Students are eligible to be selected as lay judge candidates, but the law defines that they may decline to serve. The possible options related to court appearance are as follows: (Options for students)

- a) A student may follow the lay judge selection procedures and participate in court as a lay judge.
- b) A student may decline to serve because you have the student status.
- c) A student may decline to serve if summoned during the final exam period or any other specific month or day.

(Reasons justified for declining to serve)

- You have a reason for declining to serve justified for the whole year--namely your “student” status.
- You have a specific month in which it is extremely difficult to serve as a lay judge; during final exams.

- You have an important service in social life that cannot be performed on any other date.

2. University-Wide Policies Concerning Education

【Three Policies】

Sophia University has defined its education and research objectives for each Faculty/Department/Graduate Program.

Diploma Policy: a fundamental policy in accordance with the University’s educational ideals, clarifying skills, and knowledge that students are expected to have acquired to be awarded a bachelor’s degree, and a guide for students when making their academic plans.

Curriculum Policy: a policy to organize the curriculum and define ways of learning in order to meet the Diploma Policy.

Admissions Policy: a guideline for admitting students based on our educational ideals and the two policies mentioned above.

Education and Research Objectives, Human Resource Development Objectives, and Diploma and Curriculum Policies are found in the Bulletin of each Faculty/Department/Graduate Program. Please make sure to check that you understand the educational purposes and the structure of the Faculty or Graduate Program to which you belong.

【Curriculum Map】

A Curriculum Map illustrates the connection of offered courses to the educational purposes. Based on the Diploma Policy, it shows what courses cultivate the expected skills and knowledge upon graduation. The Curriculum Map of each Faculty/Department/Graduate Program is shown on Loyola’s Bulletin Board (University Bulletin Board). Please check to see how your registered courses relate to the Diploma Policy and use the information as a guide when making your academic plans. The relationship of courses and the Diploma Policy is shown on the syllabus.

【Curriculum Tree】

Curriculum Tree diagrams sequential and systematic relationships among course groups, in association with the Diploma Policy. Inclusion of the Diploma Policy, Curriculum Map and numbering factors in one diagram offers a comprehensive view of the sequential and systematic relationship among courses. This allows students to gain an overall image of the courses they should take and the sequence in which they should be taken in order to be awarded a degree. It is a tool for “visualizing learning outcomes” and to communicate what abilities students should acquire upon graduation.

3. Credits and Courses

Credits

A certain number of credits are given for all courses; if you take the courses and pass the exams, you will earn the credits. The calculation method of credits varies depending on the type of course. The numbers of credits you may earn for the courses you register for are given in the “Bulletin of Information” in the sections for each Department/Graduate Program or in the sections of Zengaku Kyotsu Kamoku (General Studies courses) with lists of instructors.

The number of credits required for graduation varies depending on the Department/Graduate Program and Matriculation Year. You must check the requirements on the sections of your Department / Graduate Program “1. Courses and minimum number of credits required for graduation”, “2. Distribution of Required Credits”, or your Graduate Program.

Credits and Class Hours

Article 21 of the Standards for Establishment of Universities in addition to the requirement that one course credit must be based upon at least 45 hours of study, stipulates that “in accordance with class methods, ... credits will be calculated based on one credit consisting of classes conducted for a number of hours determined by a university, generally between 15 and 45 hours.” (This also applies to graduate schools).

In response to this, Sophia University establishes in Article 22 of its general regulations that one credit will be obtained through 15 to 30 hours of lectures and seminars, or through 30 to 45 hours of experiments, practical training, and skills practice.

In Japanese universities, “45 minutes of actual time” is regarded as “one hour of study time,” and the standard numbers of class hours required to earn one credit for each type of course are calculated as shown in the table below.

[Numbers of class hours required to obtain 1 credit]

Type of course	Standard number of class hours	Calculation
Lectures and seminars	15 hours (675 minutes)	1 hour (45 minutes) × 15 hours
Language courses	30 hours (1,350 minutes)	1 hour (45 minutes) × 30 hours
Experiments and practical training courses	45 hours (2,025 minutes)	1 hour (45 minutes) × 45 hours
Physical education courses	30 hours (1,350 minutes)	1 hour (45 minutes) × 30 hours

At Sophia University, one class (one period) lasts 100 minutes. The numbers of credits that can be obtained by taking, for example, one class (one period) per week for one semester (Spring/Autumn: 14 weeks) are as follows:

[The length of class time for one class (one period) per week per semester] One period x 100 minutes x 14 weeks = 1,400 minutes

[Numbers of credits that can be obtained by taking one class (one period) per week for one semester (1,400 minutes)]

Type of course	Number of credits that can be obtained
Lectures and seminars	2 credits: 1,400 minutes of class time satisfies the standard length of class time for 2 credits, which is 675 minutes x 2 = 1,350 minutes

Language courses	1 credit: 1,400 minutes of class time satisfies the standard length of class time for 1 credit, which is 1,350 minutes
Experiments and practical training courses	0 credits: 2 periods or more per week are given because 1 period per week does not satisfy the standard length of class time for 1 credit, which is 2,025 minutes
Physical education courses	1 credit: 1,400 minutes of class time satisfies the standard length of class time for 1 credit, which is 1,350 minutes

Intensive courses and quarterly courses are also offered based on these calculations.

Outside Classwork

45 hours of study (2,025 minutes: 45 minutes x 45 hours) is required to obtain one credit, but as explained in the previous section, the lengths of class time alone cannot satisfy this requirement. In addition to the lengths of class time (attendance in class), students at Sophia University are expected to fulfill the requirements for the necessary lengths of study time by doing outside classwork, such as preparation and review.

For example, when they take one class (one period) per week for one semester (Spring/Autumn: 14 weeks), the lengths of time required for outside classwork are as shown in the table below.

[Lengths of time for outside classwork when taking one class (one period) per week for one semester (Spring/Autumn: 14 weeks)]

Type of class	Number of credits that can be obtained	Length of time for outside classwork	Length of time for outside classwork per class session
Lectures and seminars	2 credits	2,025 minutes x 2 credits - 1,400 minutes = 2,650 minutes	Approx. 190 minutes
Language courses	1 credit	2,025 minutes - 1,400 minutes = 625 minutes	Approx. 45 minutes
Physical education courses	1 credit	2,025 minutes - 1,400 minutes = 625 minutes	Approx. 45 minutes

For experiments and practical training courses, the length of class time alone will satisfy the required length of study time for one credit, but preparation and review outside of the classroom will be needed to retain knowledge and understand class content.

The lengths of time shown in the table above are the lengths of time that are considered standard, but this does not mean that credits will be obtained just by doing outside classwork for these lengths of time. In order to understand class content, acquire knowledge, and obtain credits, students are required to study on their own as long as necessary without being bound by what is shown in this table.

Course Composition(for undergraduate students)

Courses are divided into three main groups; General Studies (Zengaku-Kyotsu-Kamoku) courses offered by all Faculties, Language Courses offered by the Center for Language Education and Research and Specialized Education courses offered by each Department.

Course Types

Courses are divided into four categories.

Compulsory courses	You must take these courses
Compulsory Elective	You may choose from several courses in this category to meet the credit requirements set by each Department/Graduate Program
Electives	You may select the courses
Optional courses	You may take courses that interest you academically or personally (credits will not be counted into graduation requirements)

The credit requirements vary by Department/Graduate Program. For more details see the sections for your Department / Graduate Program in “1. Courses and minimum number of credits required for graduation” and “2. Distribution of Required Credits” or your Graduate Program.

4. Numbering

Numbering is a system that classifies courses by giving appropriate numbers to show the level and order of learning and clearly indicates the curriculum system.

Numbering shows the academic fields of the course subject, the levels of learning, and the order in which courses should be taken. The Numbering system will be a useful guide to help students in planning course enrollment.

Course Registration

Course registration is the procedure for students to select the courses they intend to take (attend) and register for the courses within a given period. There are two separate course registration periods for lottery courses and non-lottery courses (for registration periods, see 2. ACADEMIC SERVICES > 5. Course Registration).

If you make registration errors, you will not be allowed to take the courses you intended to and no grades or credits will be given; take extra caution when registering for courses. Please read the “Loyola Handbook” on Loyola thoroughly before registering.

To avoid registration errors, log in to Loyola again after the registration has been completed and check that all courses you wish to take are registered. It is recommended that students print out or save a copy of the registration screen.

Any notices or announcements on course registration will be posted on My Sophia.

Repetition of a Course

In general, if a student repeats the same course, it will not be approved as credit required for graduation.

There are some exceptions (see the course list for repeatable courses).

Repetition of the same course generally means courses with the same course code number.

For more information, refer to the sections for each Faculty/Department/Graduate Programs and for General Studies (Zengaku-Kyotsu Kamoku) courses.

Points to Note on Course Registration

- For Course Registration procedures, read carefully the “Loyola Handbook” (access also available from Loyola menu). New students should also read “Course Registration Quick Navi”.
- Course Registration on Loyola should be completed by the final deadline time on the last day of course registration. (Registration is completed when you click the “Complete Registration” button on the “Course Registration/ Registration Status Inquiry” screen). Note carefully that, your registration is not completed unless you click the “Complete Registration” button by the final deadline time. No special arrangements will be made for anyone who fails to register for courses due to problems with computers or communications environment on the final registration deadline day. Make sure to allow enough time to complete your registration.
- On the final day of registration, internet congestion is anticipated. Try to complete your registration earlier, if possible one day prior to the deadline. During the Course Registration period, you are allowed to make corrections (add/delete) any number of times even after you have clicked the “Complete Registration” button.
- After completing your course registration, make sure to check for any errors in registered courses during the registration period. When you click the “Complete Registration” button and you do not make any further changes before the final deadline time, this will be registered as final.
- We recommend that you print out the final screen of the “Course Registration/ Registration Status Inquiry” or copy and save the screen data. To print it out, click the “Complete Registration” button, log out once and then login again; print out this screen.
- Intensive courses are courses that are offered mainly outside the class periods. In the bulletin, these courses are listed as spring/autumn semester or 1Q-4Q courses and is indicated as “Intensive course” in the remark column. The registration period is the same as the registration period for each offering semester, however, courses that end before the course cancellation period cannot be cancelled. In addition, please note that whether the cancellation is allowed or not may differ depending on the course, so please check the notices on My Sophia for more information.

-  [Limit on Number of Credits per Semester/Year](#)
-  [Lottery Courses](#)
-  [Enrollment in Courses Offered by the Faculty of Liberal Arts](#)
-  [Summer Session in East Asian Studies](#)

Limit on Number of Credits per Semester / Year

There is an upper limit on the number of credits a student may register for in a semester and in a year (maximum credit limit), so that the students will be able to have sufficient study hours to earn the credits and maintain the academic level of their studies.

Maximum credit limits differ depending on the Department.

※The maximum credit limit is the upper limit of credits a student may register. It includes courses attempted for which a student did not earn credits (courses the student withdrew from (W) and courses that were given a grade of F).

※When the sum of Spring Semester upper limit and Autumn Semester upper limit is greater than Annual maximum credit limit, you can register up to Annual limit only.

Example of maximum credit limit

Autumn	Spring	Annual
26	27	49

If a student registered 26 credits in the Autumn Semester

→ In Spring Semester, the student is allowed to register only up to the annual limit.

Annual maximum credit limit (49 credits) – Spring Semester (26 credits) = 23 credits

The above calculation is only an example. Please thoroughly read the pages of your Department to create your annual course enrollment plan.

Lottery Courses

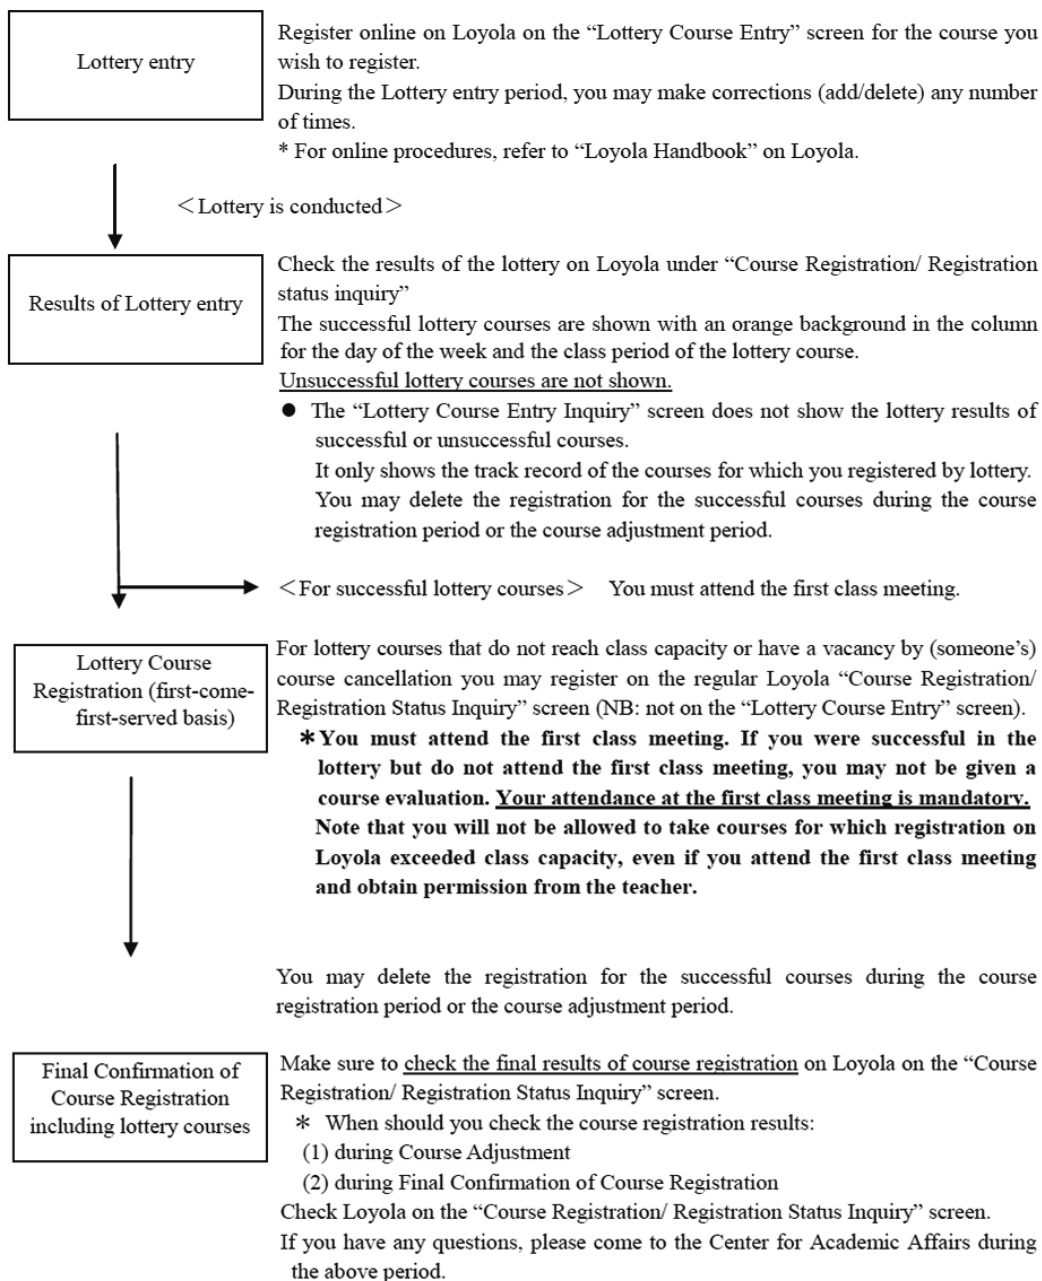

Lottery courses are courses with limited class capacities.

The class capacity is shown in the Notes column as “number of students” on the List of Courses and Instructors.

If you wish to take a lottery course, students must register on Loyola during the Lottery Registration of each semester and quarter.

The lottery is conducted by computer and the successful students will automatically be registered for the course. If you are selected for a lottery course, you may delete the registration for the successful course during the course registration period or the course adjustment period.

Registration procedures for lottery courses

*If errors occur in the lottery (ex. limit of maximum credits per year, etc.), the details of the errors are shown on the Lottery Course Entry screen.

*Limit on number credits

Freshman can only register 4 credits of University wide General Studies elective courses in one semester. Please note that no more than 4 credits (not number of courses) can be registered, either enough lottery selection and first-come-first served basis registration.

Enrollment in Courses Offered by the Faculty of Liberal Arts

[SPSF] SPSF students may register for most courses offered by the Faculty of Liberal Arts on Loyola, except for FLA Core Program courses and Overview of Data Science.

[FST] Students of the Faculty of Science and Technology, Program in English, may register for most of the 100 and 200 level courses offered by the Faculty of Liberal Arts on Loyola. However, students who wish to register for 300 and 400 level courses should submit “FLA Course Registration Form” to the Center for Academic Affairs, following the instructions below:

<Registration procedures>

1. During the Course Registration period, download “FLA Course Registration Form” and Course Schedule from the Loyola Bulletin Board (Academic Services) and make your course enrollment plan. To select the courses you wish to enroll in, check the syllabus on Loyola (check the prerequisites, repeatable/unrepeatable status and if the credits can be counted toward graduation requirement or not). Also make sure to check “Other departments’ students” and if “No”, the course can not be registered.
2. Fill out “FLA Course Registration Form” and submit to the Center for Academic Affairs during the registration period.
3. Confirm if the course(s) is(are) registered correctly on Loyola.

Important Notice

1. Following courses are compulsory for degree students of the Faculty of Liberal Arts. Students of other faculties and programs cannot register.
ENG110 : ACADEMIC ENGLISH SKILLS
ENG111 : ENGLISH COMPOSITION 1
ENG112 : ENGLISH COMPOSITION 2
ENG115 : PUBLIC SPEAKING
THP101 : THINKING PROCESSES
INF100 : OVERVIEW OF DATA SCIENCE
2. Students who wish to register the 400 level courses of ANT or SOC must have completed one or more of the following prerequisite courses.
ANT310, ANT317, ANT318, ANT319, ANT366, SOC312, SOC315, SOC316, SOC367
3. No addition or cancellation of courses will be accepted once the application form is submitted. If you wish to stop taking the course, you may withdraw from the course during the withdrawal period.
4. Lottery courses are prioritized for FLA students. Students of other faculties and programs may be able to register for only the courses with openings.
5. Courses registered on Loyola are given priority in course registration. Therefore, your registration requests will be invalid if there is a course conflicts between the courses registered via Loyola and your registration form.
6. The credits of the FLA course will be included in the limit on number of credits per semester or year. The course will not be registered if the number of credits would exceed the limit by registering a FLA course.

Summer Session in East Asian Studies

Students may take Summer Session in East Asian Studies courses offered by the Center for Global Education and Discovery. Summer Session courses are not counted into maximum credit limits per semester or year. More information on registration procedures and programs will be posted on My Sophia in April.

For general information about the Summer Session in East Asian Studies, please refer to the university website below, or consult the Center for Global Education and Discovery.
https://piloti.sophia.ac.jp/eng/studyabroad/short-term/summer_asia/

5-2. Course Registration for Graduate Students

Credit Approval for Courses offered by other Graduate Schools

As stated in Article 17 of the Sophia University Graduate School Regulations, students may take courses offered by other Graduate Schools with permission from their research advisor and the program chair and may apply to have the credits earned for those courses recognized as credits required for completion of their Graduate Program (credit transfer to complete requirements).

To have credits transferred in order to complete requirements, you will need to register via Loyola and also submit a form at the Center for Academic Affairs. If you wish to transfer credits, obtain the necessary application papers from the Center for Academic Affairs (Academic Services), and submit the completed application for the courses you wish to take to the Center during the office hours of the course registration period and/or course adjustment period(10:00~11:30, 12:30~15:30).

(For reference: Article 17, Graduate School Regulations)

-  When judged by the faculty advisor to be educationally beneficial, a Graduate School may allow a student to take a course offered in another Graduate School or undergraduate Faculty.
2. Credits earned pursuant to the provisions of the preceding paragraph may, up to a maximum of 8 credits, be deemed to be earned within the student's Graduate School.

Results of course registration are available online. Students must confirm the results via Loyola and make adjustment, if necessary, within the course adjustment period.

分野横断型科目

To register for大学院分野横断型科目「分野横断研究法：原理と技法」which is a lottery course conducted in Japanese, please follow the necessary registration process explained on「2025年度履修要覧 [ガイド・資料編]」.

To register for undergraduate courses

Graduate students may register for undergraduate courses (including Japanese language courses) during the course registration period. While students are allowed to take undergraduate courses with permission from their advisors, and by submitting an application form to the Center for Academic Affairs, credits from undergraduate courses can not be counted as credits for graduation. However, grades for undergraduate courses will be calculated into the student's GPA along with the grades from graduate courses. Courses offered in undergraduate programs with admittance through lottery are not open to graduate students.

Research Guidance

Registration for "Research Guidance" is managed at the Center for Academic Affairs based on notifications from each Program. (Students do not need to register themselves.)

Master's Thesis / Graduation Project

Registration must be done through the Loyola web-service during the registration period of the intended semester of graduation.

6. Course Withdrawal

6. Course Withdrawal

-  [Withdrawal from Courses](#)
-  [Points to Note on Course Withdrawal](#)

Withdrawal from Courses

If a student decides after the registration period not to finish a course for which they have registered, the student should apply to withdraw from the course online (Loyola) during the course withdrawal period. A “W” means that the student has asked for and obtained permission to withdraw from the course. This mark will remain permanently on the student’s record, but will not appear on the official transcript. If a student discontinues attending a course and does not complete withdrawal online during the withdrawal period, they will receive an “F” for the course. The grade of “W” will not be calculated into the student’s GPA, but an “F” will.

*No withdrawals are allowed for compulsory courses including Research Guidance. In the case of withdrawing from Thesis Seminar, Master’s Thesis, or Graduation Project, a request for withdrawal must be submitted to the Center for Academic Affairs.

Withdrawal Period

Semester and Quarter	Period	Results of Withdrawal available

Points to Note on Course Withdrawal

- Courses from which you are not allowed to withdraw:
 - ① Compulsory courses (both General Education and Specialized Education courses)
 - ② Language courses (for exceptions, refer to 【Request by “Course Withdrawal Request”】)
 - ③ Teaching practice / curator practice courses
 - ④ Courses with class sessions that end before the Course Withdrawal period.
Note that some Departments have courses other than compulsory courses from which you are not allowed to withdraw or some have compulsory courses from which you are allowed to withdraw. Check the rules for each Department in “Points to note on course enrollment”.
- Seniors or Graduating students should check carefully whether they have registered for a total of credits and courses to satisfy all graduation requirements.
- Course withdrawals or cancellation of withdrawals are not allowed outside of the Course Withdrawal period. During the Course Withdrawal period, you may cancel course withdrawals on Loyola; after the designated period, no cancellations or additional course withdrawals are possible. If you wish to withdraw from a course, allow enough time to submit a request for withdrawal during the designated period. You may register again in the following or later academic years for the course from which you withdrew.
- You may withdraw from lottery courses
If you are successful in a lottery course but wish to withdraw from the course, you may do so on Loyola. (You are not allowed to withdraw from compulsory courses and some other courses.)
- Credits included in maximum credit limit (for undergraduate students)
The credits of courses you withdraw from are counted into the maximum credit limit for a semester or a year. If you register for courses offered in the Autumn Semester, be sure to include the credits in your enrollment plan within the maximum credit limit.
- Check courses withdrawn
No cancellations or additional course withdrawals will be accepted after the Course Withdrawal period. To avoid any errors in the withdrawal procedures, make sure to login to Loyola again to check after you complete your course withdrawal procedures. We recommend that you keep a copy of the screen.

Submission of Withdrawal of Graduation Project or Master's Thesis (for graduate students)

A student who has registered for Graduation Project or Master's Thesis in the semester that they intend to graduate may, for various reasons, decide later in the semester that they would like to submit the project or thesis in a subsequent semester. In such cases the student must submit, in lieu of the project or thesis, a letter to the Center for Academic Affairs indicating their intention not to submit a project or a thesis. The deadline for submitting the letter is the same as the submission deadline for the Graduation Project or Master's Thesis. For details, please refer to 2. ACADEMIC SERVICES > 13. Research Guidance and Master's Thesis Doctoral dissertation > Master's Thesis.

The grade of "W" will appear on the student's transcript for coursework in that semester. However, this grade will not be calculated into the student's GPA and will not appear on the official transcript that the student receives after graduation.

Examinations (Written Exams) Policy

Note the following for taking the exams:

- Check the exam room on Loyola. It is the student's responsibility to check and to be at the prescribed exam room (note that the exam room may be different from the room where classes are normally held).
- Mobile phones and wearable devices must be turned off and put inside a bag. It is not allowed to use such devices as clocks to check the time.
- If you are more than 20 minutes late for the exam, you are not allowed to take the exam regardless of the reasons. The scheduled exam hours will not be extended for any reason including delay of public transport service. Allow enough time to arrive on time to the exam.
- Students are not allowed to leave the class room for the first 30 minutes and the last 10 minutes of the exam.
- No student may leave the classroom unless he/she has submitted his/her answer sheet.
- If a student does not follow the instructions of the proctor or does not observe warnings to stop talking or any other misconduct, his/her exam shall be invalid.

Things to bring to the exam

1. Student ID Card: it must be placed on the desk. Without the Student ID Card, students will not be allowed to take the exam, regardless of the reasons.
※If you forget your Student ID Card, you may have a "Temporary Student ID Card" issued at the Automatic Certificate Issuance Machine located on 4th floor of Building No.2 (500yen fee charged valid for the day of issue only.). However, if you cannot be at the exam room with the "Temporary Student ID Card" within 20 minutes after the start of the exam, you will be considered late for the exam and will not be allowed to take the final exam.
2. Pens/pencils
3. Underlay Pad : Only if you need to use one; white or any similar color. Using a notebook or a book as an underlay is not permitted.

Answer sheets

- Students are given only one answer sheet. Papers other than the given answer sheet are not valid.
- If a student makes errors on the answer sheet and a new answer sheet is given, he/she must return the first answer sheet.
- Use a ballpoint or felt pen to fill in your Student ID Number and name. Answer sheets without student ID numbers or names are invalid

Cheating on Final Exams (written Exams) is Strictly Prohibited

Do not be tempted to cheat on written examinations. If a student is found cheating in an exam or violating an exam policy, the University will impose severe punishment. Honest performance is also expected at in-class exams held during class sessions. The following are some actions that would be considered cheating:

Disciplinary Standards Concerning Misconducts

Examples of Misconducts

1. Misconducts in Final Examinations (including Make-up Examinations)

1. Possessing mobile phones etc. in locations and/or in conditions that do not conform with the instructions.
*Mobile phones etc. includes, smartphones, PCs, mobile PCs, tablets, such electronic devices as smartwatches that have communications functions, wireless earphones, and such mobile recording devices as mobile music players.
2. Referring to documents and notes other than those explicitly permitted by the instructions, or referring to the devices listed in 1) above (this includes situations in which the student could have referred to such devices, regardless of whether they actually referred to them).
3. Failing to submit the exams and/or taking them away.
4. Referring to notes written on the desk, clothes, walls, and body etc., and/or taking the exam under such conditions.
5. Referring to other students' exam answers, and/or trying to refer to them.
6. Exchanging documents etc. that were permitted for reference during the exam to/from other students.
7. Such distracting conducts as chatting.
8. Seeing and/or showing exam answers with other students.
9. Exchanging the exam answers with other students, and/or with exam answers that were prepared ahead of the exam.
10. Taking the exam for another student, and /or asking another person to take the exam.
11. Misusing the student ID card.

2. Misconducts in In-class Examinations and Report Examinations (including Final Papers)

1. Misconduct in In-class exams that take place in lieu of Final exams. * For concrete examples, see 1. above.
2. Plagiarism in report exams that take place in lieu of final exams, including in final papers.
3. Writing reports or papers for another student, and/or asking someone else to write reports or papers.
4. To use a part of, or the entire report that has been submitted for another course (self plagiarism).
5. Using AI chatbots such as ChatGPT to prepare a part of, or the entire report or paper (except when prior permission is given by the course instructor).
6. Other misconduct that jeopardizes the fair and honest implementation of the report exam.

3. Failing to obey the instructions for the investigation related to all the items listed in 1. and 2. above.

Disciplinary Measures and Measures Concerning Enrolled Courses

In accordance with Article 60 of Sophia University Regulation, misconducts are punished by dismissal, suspension, or reprimand.

1. The grade "F" will be entered on the student's record for the course in which the misconduct took place.
2. In case of suspension, the suspended period will not be counted in the residence requirement and graduation will be delayed.
3. In addition to the above, the student's grades for the courses taken in the same semester may also become "F."

◆ Disciplinary measures take effect as from the day when the misconduct took place.

Cheating in written exams involves more than the grade for that one course; it causes a far greater disadvantage for the student involved. Cheating in exams may be an impulse; do not give in to temptation--it has grave consequences. Double check the materials you are allowed to bring into an exam, if any, on Loyola before taking an exam

If Public Transport Service is Shut Down

Refer to 1. GUIDELINES > 6. When Public Transportation is Shut Down

Make-up Exams

If students were unable to take the Final Exams held during the final exams' week for the following reasons, they may be allowed to take make-up exams by submitting an "Application for Make-up Exams" (form available). To take the make-up exams, the students will need to submit an application for make-up exams during the given period, obtain permission, and pay the make-up exam fees.

No application for make-up examination for Courses that held in-class exams (outside the Final Exams period) is accepted.

1) Legitimate reasons for applying for make-up exams

The legitimate reasons include illness, injury, bereavement of third degree of kinship, disasters, delay in public transport service, and appointment to lay judge system. Job search or extra-curricular activities are not considered legitimate reasons. The application for make-up exams must be accompanied by the following supporting documents to prove that the student was unable to come on the day of the final exam(s).

2) Supporting documents and procedures

When applying for a make-up exam, the following certificate must be submitted. The application procedure must be completed within the specified period.

1. Illness, Injury	Medical certificate or permission to return to school issued by a physician (university designated form) * Payment receipts are not accepted
---------------------------	---

The medical certificate must state all of the following:

- a) The name of the illness and a statement by the physician attesting that the student was not in a condition to take an exam on the day of the exam.
- b) Clear statement showing that the student was unable to come to the exam because of scheduled the consultation or because the student was undergoing treatment.

* If the student had to be absent over several days, the medical certificate must clearly show that these days include the consultation day or the treatment period.

If the medical certificate does not state both a) and b), it will be deemed an incomplete and the student will not be able to apply for a make-up exam.

2. Bereavement of third degree of kinship	Funeral service card/thank you card etc. addressed to funeral guests
--	--

The cards must show the date of the exam the student was unable to take.

* The travel days will not be applicable to make-up exams.

3. Delay in public transport service	Delay certificates issued by the public transport service (indicating the date and the delayed time); a delay certificate printed out from the Internet is also acceptable.
---	---

If the delay in public transport service was 20 minutes or more and a student arrived at the exam more than 20 minutes past the scheduled starting time, they may apply for a make-up exam. If the delay is less than 20 minutes, the student may take the exam and go directly to the exam classroom.

※ Only delays occurring on a student's normal commuting route between his/her home and the university will be accepted (not accepted if the route is other than from home).

※ The delay certificate must show a delay longer than the actual length of the student's delay. (e.g. if the student arrived 30 minutes past the scheduled exam starting time, the delay certificate must prove a delay of more than 30 minutes); applications for make-up exams will not be accepted if the student came to the university intending in the first place to arrive late for the exam.

※ If it is difficult to decide yourself, go first to the exam room and follow the instructions of the exam supervisor.

4.Natural disasters	Disaster victim certificate
5.Appointment to lay judge system	Letter of appointment

3) Make-up exam fee:

2,000 yen per subject

4) Make-up exam schedule:

The schedule of make-up exam application period and points to be noted will be announced before the Final Examinations on My Sophia Notification, "Class, Course Completion, Grades"; Any disadvantages that may arise from failure to check the notices on My Sophia will be the responsibility of the individual student.

Cheating on Report Exams is Strictly Prohibited

Never be tempted to cheat or commit any other misconduct in report exams. If a student is found cheating or committing any misconduct, the University will impose severe punishment.

[Cheating on report exams involves:]

- Using sentences (block quotations) quoted from books, materials, or internet websites in your report without citing the sources and pretending that you wrote the sentences. (Plagiarism)
- Using reports that another student (your senior or friend) wrote for the said course or a similar course in the past and presenting it as your own report.

[Misconduct in report exams involves:]

- Writing a report for a course and using the same report to submit for another course.

If the above misconduct is found in the report exam, your class teacher will give the grade F (fail) for the course and you may be summoned and given a severe warning. In addition, the University may apply the same punishment as in cheating on final exams. (cf. 2. ACADEMIC SERVICES > 7. Examinations > Cheating on Report Exams is Strictly Prohibited)

Cheating or misconduct in report exams sometimes occurs unintentionally and may well be avoided if a student takes a more cautious stance. Read the “Stance on Exams, Reports and Papers” thoroughly to prevent misconduct and comply with the policy of “Academic Honesty”.

Stance on Exams, Reports and Papers

◆ To promote “Academic Honesty” and to comply with its policy

As the name Sophia indicates, Sophia University respects wisdom in its ultimate form. We ask the students to cultivate an attitude of Academic Honesty based on the following two points; Sophia lays emphasis on its educational principles of respecting others and cooperating with others based on the concept of “For others, With others”.

1. Students should respect the research and source of information of their forerunners and contemporaries and conduct independent and in-depth study.
2. Students should make continued efforts to enhance their basic academic skills.

By observing these points, students will be able to avoid committing acts of academic dishonesty such as breaking research rules (falsifying and fabrication of data) simply because they wish to be academically creative, or giving off research results of others as your own, or also unintentional plagiarism. All these are acts opposed to Academic Honesty.

Final exams are conducted so that a student can check how much he/she has achieved in the studies (written exams or reports). We expect students to be as honest and sincere in the exams as they always are in class. Dishonest acts such as cheating on exams and falsifying reports shall be severely punished. We ask the students to act with respect for wisdom in various scenarios with the Sophian stance of respecting wisdom.

◆ Rules for quotations in reports and papers

To evaluate your class work and give grades, teachers may ask you to hand in reports or papers. When writing the reports or papers, you will need to give your final comments and ideas on analysis. Your ideas and comments should not be limited to self-centered views, so you must learn from the various research conducted in the past and the present and build your research upon these. When writing reports and papers, the following points should be noted.

1. If the concepts and ideas, tables and charts that a student uses in the reports and papers are taken from literature, materials or websites, he/she must indicate the exact parts of the literature, materials or websites used.
2. If quoting directly from literature, materials, or websites, a student must show that they are quoted by placing the phrases in quotation marks, and cite the exact source.
3. Needless to say, a student must write his/her own reports and papers; you must never present reports written by friends, senior students, or family members as your own.
4. To use a part of, or the entire report that has been submitted for another course (self plagiarism) is also a misconduct.

If someone you know or a total stranger gives off the essay or paper you wrote as his/her own, what would your reaction be? Citing quotation and references protects the rights of the author, and it is simply a matter of academic manners and ethics for all involved in research and studies. If a student fails to observe the above 1), 2), and does not cite the quotation or show where the ideas were taken from in the literature or materials, the use of the written contents will be considered as data theft or plagiarism. Overseas, this “plagiarism” is strongly rebuked and unintentional copying and pasting of materials from reference literature or websites are considered as plagiarism. If a student gives off papers written by another person as his/her own as stated in 3), this is an act of fraud. If you are found performing such act or data theft or found to have reused papers that you have wrote for other courses and purposes, you will be subject to severe punishment and warnings similar to those when found cheating on written examinations. When using quotations or references, observe the following two important rules:

(1) If you use quotations or references from books or websites in your report or paper, place footnotes and cite the sources. The styles of quotation citing are different in academic fields; you should ask your instructor for the details. Generally the following information should be given. When quoting from:

- ◇ books: author, “title of book”, publisher, year of publication, pages quoted
- ◇ papers in journals: author, ‘title of paper’, “title of journal”, Vol. ○, No.△, year of publication, pages quoted
- ◇ website: creator, “name of site or article”, <URL <http://www.ooo.ddd>> date you visited the site: year, month, day (or latest updated on-year, month, day)

(2) If you need to quote directly from materials written by someone else in your report or paper, put the quoted sentences in quotation marks to make it clear that the quoted sentences are not written by you.

- ◇ Example for quoting directly in your report/paper:
“(your sentences) the author, Jochi Taro, writes on this subject “(quoted sentences) the meaning of the existence of university should be viewed from three perspectives . . .” (author: Jochi Taro, year published 20xx, page quoted p.xxx)

The University level quotations must be cited accurately to show exactly who conducted the quoted research and what the results on which you base your research and analysis were. As shown, clear and accurate citing of quotations and references are expected in the practice of Academic Honesty.

Academic Research Ethics (for graduate students)

In order to promote the sound development of academic research and harmonious coexistence with society, Sophia University has set following academic research ethics guidelines, and requires all its researchers to follow the highest standards of academic and research honesty.

Related internal guidelines

- Sophia University Guidelines for Academic Research Ethics
- Sophia University Guidelines for Prevention of Misconduct in Research Activities
- Sophia University Guidelines for Research on Human Subjects

Besides faculty members and research associates of the University, the Guidelines shall apply to anyone engaged in research activities at the University, including students in the graduate schools. To understand academic research ethics, all graduate students are required to take a standard online training course and submit the pledge.

All graduate students, like other researchers at Sophia, have academic freedom that entails respect for the autonomy of researchers in their research activities as well as their right to investigate the truth, but they are also expected to have the highest ethics when they engage in research activities.

Researchers shall not commit or be complicit in the committing of fabrication, falsification or plagiarism in any aspect of their research activities. In addition, they should increase awareness of research ethics, and make every effort to have a basic understanding of what will be considered plagiarism or falsification, and to prevent misconduct in their research activities. Students shall be thorough in the recording, storage and proper handling of data obtained in their research, and they shall also strive to create a research environment that forestalls misconduct.

The “Guidelines” are available on the Sophia University website. Please read and fully understand what is expected of each student pursuing academic research activities at Sophia.

Evaluation Criteria

Academic performance is evaluated by each instructor under their individual teaching and grading policies, drawing on exam results (written, oral, and practical), reports, class participation, and other relevant factors.

Grading and evaluation criteria are as follows:

		Grade	Scale	QPI (%)	Criteria
Evaluated	Pass	A	100~90	4.0	Achieved the course objectives to an exceptionally high level of mastery and demonstrated excellent performance
		B	89~80	3.0	Achieved the course objectives to a strong degree of mastery and demonstrated notable performance
		C	79~70	2.0	Achieved the course objectives and demonstrated satisfactory performance
		D	69~60	1.0	Barely achieved the course objectives and demonstrated the minimum level of performance required for passing
		P	—	—	Achieved the course objectives and demonstrated performance sufficient to be considered passing
	Fail	F	Below 59	0	Did not achieve the course objectives and did not show performance sufficient to be considered passing in courses whose passing grades are “A,” “B,” “C,” or “D”
		X	—	—	Did not satisfy the requirements for a passing grade in pass/fail courses
Not Evaluated	Withdrawal	W	—	—	Withdrew from the course during the designated course withdrawal period
	Credits Approved	N	—	—	Transfer credits were accepted

 *QPI = quality point index

 *“W” will not appear on the official transcript.

The scale shown in the table above does not necessarily reflect raw exam scores or other direct marks. Instead, each instructor bases the final grade on the criteria and weightings described in the course syllabus. In addition, under the guidelines below, final grades may also factor in the class’s overall performance distribution to maintain fairness across the university. Because of this approach, even if a student earns more than 90 points overall, it does not guarantee an “A.”

To ensure fairness in university-wide evaluations, each course targets an average GPA between 2.0 and 3.0, and final grades may also factor in the class’s overall performance distribution. However, this policy does not apply to lecture courses with 20 or fewer students, courses offered by the Center for Language Education and Research, seminars, practical training courses offered by the Center for Teaching and Curator Credentials, off-campus courses, supervised courses, or graduate-level courses.

G.P.A. (Grade Point Average)

The Quality Point Index (=QPI: see above list) multiplied by the number of credits for the course determines the quality points (QP) for that course. The sum of all the quality points divided by the total number of credits attempted (excluding courses with grades W, N, P, X) gives the grade point average (GPA). W (withdrawn from course), N (approved course), P (passing), X (failing) are not included in the calculation.

【GPA calculation formula】

$$\frac{4.0 \times \text{credits with A} + 3.0 \times \text{credits with B} + 2.0 \times \text{credits with C} + 1.0 \times \text{credits with D}}{\text{The sum of all the registered course credits (excludes courses with W, N, P, X)}}$$

Request for Grade Review

If a student believes there has been a mistake in the grades, he/she may submit a “Request for Grade Review” to the Center for Academic Affairs. No late requests will be accepted after the deadline.

Courses	Deadline for submission
2024 Spring Semester, 1st and 2nd Quarter courses	September 11 (Thu), 2025 15:30
2024 Autumn Semester, 3rd and 4th Quarter courses	March 22 (Sun), 2026 23:59

*For the graduating students, there is a separate application period set in each Semester. For the detailed schedule, please check My Sophia.

If you intend to submit the request, consider carefully your reasons in light of the course contents and the grading criteria of A to F; read and follow the instructions given out from Center of Academic Affairs.

The following reasons will not be acceptable for submitting a Request for Grade Review:

1. simply requesting for a re-evaluation and re-grading.
2. asking the teacher to be lenient (affects your prospective graduation or acquisition of teacher’s license etc.)
3. complaints based on comparison with other students (your friend had a grade B and you don’t understand why you have a C, etc.)
4. you do not question the grading itself, but ask for the reason (ask the teacher for feedback, comment, disclosure of exam scores, etc.)
5. you have only non-specific statements such as “I attended the classes”, “I took the exam” etc.

Guidance for the Students Whose GPA is Less Than 0.5(for undergraduate students)

According to Article 40 of University Regulations, students who fail to obtain 32 credits or more in two consecutive academic years shall be dismissed from the university.

To avoid such case, the department individually contacts the students whose GPA is less than 0.5 and give guidance at the end of the academic year.

This system is to give a chance to the students to look back their school life and study plan, and consult faculty staff on their future academic plan. In case the students do not show any improvement on their motivation after the guidance, the university may recommend withdrawal from the university.

For students with any academic problems or physical or mental distress, the university provides consultation throughout the year by not only faculty staff but also counselors and department staff. If you wish to consult, visit the university's official website → "Campus Life" → "Student Support" → "Student Consultation Services".

Students with no Prospects of Academic Progress(for undergraduate students)

Students who fail to earn a total of 32 credits or more in courses specified by the Departments in two consecutive years (NB) shall be dismissed from the university. For more information, refer to Regulations > Detailed Regulations on the Application of Article 40, Paragraph 1 of the General Regulations of Sophia University.

 (NB) Two consecutive years are as follows:

Faculty of Liberal Arts, Faculty of Science and Technology English Course, SPSF				
Four consecutive semesters excluding periods of leave of absence				
(Example) If student takes leave of absence in 4Q of the year prior to the preceding year and in 1Q of the current year.				
	Spring		Autumn	
	1Q	2Q	3Q	4Q
Year prior to preceding year	● enrolled	● enrolled	enrolled	leave of absence
Preceding year	● enrolled	● enrolled	● enrolled	● enrolled
Current year	leave of absence	enrolled	● enrolled	● enrolled
※two consecutive years are the four semesters with the ● mark				

When calculating the credits, pay attention to the following:

- Credits are calculated by adding the credits obtained in two consecutive years. For students of the Faculty of Theology, Humanities Human Sciences, Law, Economics, Foreign Studies, Global Studies and Science and Technology (excluding English Course), the credits obtained in the academic year in which the leave of absence took place are not included in the calculation.
- For re-admitted students and second degree students, only the number of enrollment years and credits obtained after they re-entered or were admitted as second degree students will be calculated.
- For transfer students, the number of enrollment years and transfer credits which were approved at transfer admission will be included in the calculation.
- If a study abroad period exceeds one year, the period exceeding a year will be deemed a period of leave of absence.
- Credits obtained during study abroad approved within the consecutive two years will be included in the calculation.

N.B. Preferential Measures

Upon deliberation by the faculty meeting and with an approval of the President, a student who is in the third year or above, and who has taken less than 32 credits in four consecutive semesters excluding the

period(s) of leave of absence, may be exempted from dismissal from the University by Article 40, if the total number of credits earned divided by the number of semesters of enrollment is more than 8 credits.

Students enrolled in Sophia University must meet the following two requirements to earn credits and graduate from the university: if you fail to meet either of the requirements, you will not be able to graduate and will need to repeat a year or a semester.

1. To satisfy the residence requirement(4 years; may vary for transfer, re-entry, and second-degree admission students)
2. To take courses specified and obtain credits for graduation requirements(Courses and credits required for graduation vary depending on your department)

<For students in master's program>

Graduation requirements are as follows:

1. To satisfy the residence requirement (2 years except the period of leave of absence).
2. To take courses specified and obtain credits for graduation requirements (complete at least 30 credits in accordance with the requirements of each Graduate Program).
3. To take necessary research guidance and to pass the Master's Thesis screening and examination conducted by the Graduate Programs.

<For students in doctoral program>

Graduation requirements are as follows:

1. To satisfy the residence requirement (3 years except the period of leave of absence).
2. To take courses specified and obtain credits for graduation requirements.
3. To take necessary research guidance and to pass the Doctoral Dissertation screening and examination conducted by the Graduate Programs.

Check Credits Required for Graduation

1. Students are responsible for creating their course registration plans and meeting the above graduation requirements
2. Students also must check that the plan satisfies all graduation requirements. It is the sole responsibility of the students to follow the above processes.

The Center for Academic Affairs offers advisory services on course registration, but the office will not be responsible for checking graduation status and credit requirements or calculation for individual students. Students are responsible for checking whether or not they are able to graduate.

How to Check Credits Required for Graduation

This function is made available to assist the students in checking the number of required credits for graduation by themselves; however, this is a mere calculation of credits on the computer system and is not a service to ensure graduation.

1. Check the Bulletin of Information

The courses and credits required for graduation vary depending on your department and matriculation year. Please thoroughly read the sections for your Department and matriculation year in the Bulletin of Information on “Courses and minimum number of credits required for graduation”, “Distribution of Required Credits”, and “Notes on Taking Courses.” For each course you have taken, check the credits earned and to which category of credits they apply towards graduation.

2. Check the Loyola “Self evaluation” function

When you have checked the Bulletin of Information as shown in 1) above, please also check the Loyola “Self Evaluation” function as follows:

- “Self Evaluation” function:

On Loyola you may check your status of courses taken and credits earned for each category of graduation requirements by calculating the missing number of credits you need for graduating from the total of credits of courses you are currently taking and the credits you have earned so far.

This function makes it simple and easy for you to check the number of credits required for graduating; however, it is a calculation of credits on the computer system and is not a service to ensure graduation.

- “Self Evaluation” may not work for certain cases

Some Departments have complicated curriculum and the calculation/display may not work properly. For more details, please check the Loyola Bulletin Board (Academic Services) “Points to be noted on Self-Evaluation screen”.

- Self Evaluation function available period

The Self Evaluation function on Loyola is available for a designated period only. For the schedule of available periods in the 2025 Academic Year, check My Sophia.

*Please note it is not available during course registration periods or withdrawal periods (4th year students may use the self evaluation function during course registration periods).

Early Graduation

<for undergraduate students>

The basic residence requirement of Sophia University is 4 years. However, students (1) who are enrolled at Sophia for 3 years or more, (2) have completed the required courses for graduation with good academic performance and (3) who wish to graduate early, may request for approval for early graduation. Faculty meeting of the students affiliated faculty will review and decide upon applications for early graduation, which will be forwarded to the President for approval. For more information, please refer to the pages for FST and SPSF curriculum.

<for graduate students>

The basic residence requirements for the completion of graduate programs at Sophia University are as stated in the previous “Graduation Requirements” section above. Students who have achieved excellent academic results are eligible for a shortening of the required period of residence and an early completion, if they wish to do so and if approval is granted. At present, early completion is available for the programs listed below. For details, refer to the relevant pages for each program in the Bulletin of Information [Graduate School Programs].

1. Master’s Program in Theology, Graduate School of Theology
2. Master’s Program in Law, Graduate School of Law
3. Master’s Program in Economics/Master’s Program in Management, Graduate School of Economics

10. Credit Transfer and Approval

Credit Transfer and Approval

Credits earned at other universities or colleges before entering Sophia University or credits earned at overseas universities during study abroad after entering Sophia may be transferred and approved as credits equivalent to those earned at Sophia.

The requirements and maximum limit of transfer credits will vary depending on the type of credit transfer. To have credits transferred, check the details before applying for credit transfer.

Requests for credit transfer will be processed among several offices and Departments before the final decision on the approval is made and this may take about a month after application. The decision on approval of credit transfer will affect your future course enrollment plan; apply well ahead to allow sufficient time for the approval procedure.

For procedures to transfer credits obtained during study abroad, read “Procedures for credit transfer and approval of study abroad credits”.

Grades of Courses with Transferred Credits

The credits transferred and approved will be marked “N (認定Nintei)” on your transcript of records. Except for compulsory courses, basically the courses with transferred credits will not be listed under the course titles, but will be summed up by course category (elective compulsory, elective, group xx).

The grades marked “N(認定Nintei)” will not be counted into “Maximum credit limits” per semester or year at course registration; such grades will also not be included in the GPA calculation.

Application Period for Credit Transfer and Approval

Depending on submission date of credit transfer application, the approved credits may be included in either “Spring Semester” or “Autumn Semester” and will be marked “N認定Nintei”.

January 21 (Tue), 2025 – July 18 (Fri), 2025: application submitted to Center for Academic Affairs
→ approved as credits for 2025 Spring Semester

July 21 (Mon), 2025 – January 19 (Mon), 2026: application submitted to the Center for Academic Affairs
→ approved as credits for 2025 Autumn Semester

Transfer students may apply for transfer of credits earned at other universities to be approved and counted as equivalent to credits required for graduation at Sophia.

Maximum limit of credit transfer

1. Credit transfer will be approved in categories of General Studies (Zengaku-Kyotsu-Kamoku) and Specialized Education respectively up to the number of credits required for graduation set by each Department.
2. The maximum number of credits that can be transferred will be decided by each Department up to one half of the credits required for graduation set by the Department.

Also read the “Bylaw on Credit Transfer of Transfer Students”.

Credit Transfer for Teacher Certification Program

Transfer credits approved as credits earned at Sophia University may be approved as credits for the teacher certification program. If a student wishes to apply for credit transfer for the teacher certification program, inquire at the Center for Teaching and Curator Credentials.

Graduate School Pre-admission Course Enrollment System

Undergraduate students who show excellence in their academic performance may enroll in courses designated by each Graduate School in their senior year following a screening. On admission to Sophia University Graduate School, the credits earned in such courses will be approved as pre-admission credits up to the maximum number set by the Graduate School.

Credits earned through the system of course enrollment prior to admission to Graduate School will not be approved as credits required for undergraduate graduation.

The Graduate Schools/Programs that have a system of course enrollment prior to admission to Graduate School are as follows:

- Graduate School of Theology
- Graduate School of Humanities
- Graduate School of Human Sciences, Master's Program in Social Services
- Graduate School of Law, Juris Doctor Program
- Graduate School of Economics
- Graduate School of Global Environmental Studies
- Graduate School of Science and Technology
- Graduate School of Global Studies, Master's Program in International Relations
- Graduate Degree Program of Applied Data Science

For more information, please read "Bylaw on Graduate School Pre-admission Course Enrollment of Undergraduate Degree Students"

Credit Transfer by Student Exchange Agreement

If a current student earns credits at another university in Japan affiliated by a student exchange agreement, the credits will be transferred and approved as credits equivalent to those earned at Sophia. There are two types of student exchange agreement: “in-country exchange type” and “credit transfer type”.

Credits earned by Sophia students at the Japanese Universities with an exchange agreement will be approved as credits earned at Sophia, up to 30 credits for “In-country exchange type” and 10 credits for “Credit transfer type”.

For more information on student exchange agreement, inquire at the Center for Academic Affairs (Academic Services)

Type	Exchange University	Maximum transfer credits	Form of exchange
In-country exchange	Elizabeth University of Music Nagasaki Junshin Catholic University Fuji Women’s University Kwansei Gakuin University	30 credits	Exchange students continue to be enrolled at Sophia University (student status at Sophia will be “study abroad”); during exchange period, students will take courses and engage in research at the host university.
Credit transfer	Tokyo Junshin’s University Tokyo College of Music The University of Sacred Heart, Tokyo International Christian University	10 credits	Students will be enrolled at Sophia and take courses at Sophia and at the same time take courses and engage in research at the host university.

Credit Transfer from Study Abroad

As a current student, if you earn credits on a student exchange program (study abroad at an overseas university under a student exchange agreement with Sophia) or on general study abroad (at a degree-awarding university approved by the Department Chair prior to studying), the credits will be transferred up to 30 credits and approved as credits equivalent to those earned at Sophia (must apply within 3 months after returning to Japan).

Calculation of credit transfer

1. Most universities including US

One class hour (in minutes) × number of classes in a week × course duration (number of weeks) ÷ basic class hours at Sophia

2. Universities in Spain, Brazil etc.

Total class hours in a year × 60 (in minutes) ÷ basic class hours at Sophia

Basic class hours at Sophia

Type of courses	Basic class hours
Lectures/seminars	675 min (1 Credit)
Languages/seminars	1,350 min (1 Credit)
Experiments	2,025 min (1 Credit)
Physical exercise	1,350min (1 Credit)

 Note that for credit transfer, you must have the class schedule which is the basis for the calculation.

 Approved credits “N” will not be counted into maximum credit limit per year. They will not be included in the GPA Calculation.

For more information, refer to the “Handbook for Study Abroad” issued by the Center for Global Education and Discovery.

10-2. Credit Transfer and Approval for Graduate Students

Transfer of Credit from Graduate Programs in Other Universities

Credits earned at other graduate schools in Japan and abroad prior to matriculation (including credits from pre-matriculation course enrollment at Sophia University [credits earned under the Graduate School Pre-admission Course Enrollment System by students who graduated from Sophia University]) may be transferred and approved as credits equivalent to those earned at graduate schools of Sophia University by following procedures for approval of pre-matriculation credits.

Credits earned while studying abroad (see 2. ACADEMIC SERVICES > 10-1. Credit Transfer and Approval for Undergraduate Students > Credit Transfer from Study Abroad) and credits from auditing of other universities under auditing agreement may also be transferred and approved as credits equivalent to those earned at graduate schools of Sophia University by following necessary procedures.

Note, however, that pursuant to Article 18 of the Graduate School Regulations, of the transferred and approved credits that had been earned as pre-matriculation credits, as an auditing student at other universities, or while studying abroad, only up to a total of 10 credits can be included in the credits required for approval of degree completion.

11. Certification Program (for undergraduate students)

Credit Transfer of Social Engagement Programs and Internship Courses

Sophia University has various social engagement programs overseas during the semester and university vacations for which you can obtain and transfer credits.

【Social Engagement Programs】

Overseas programs, which include field works and service learning components, are available during university recess; the credits obtained for successfully completed courses may be transferred as Elective Courses of General Studies. However, if you intend to graduate at the end of the semester in which you will obtain such credits, you are eligible to participate in the program but no credits will be awarded.

The grades given in the programs will be either “P (pass)” or “X (fail)”.

Courses with grades “P” or “X” are not counted into the “maximum credit limit” per semester or year at CourseRegistration. They are also not included in calculation of GPA.

【Internship Courses】

Credits will be given by successfully completing an internship course, organized under a partnership agreement between Sophia and a company, an international organization, or an agency. For the internship availability and its program details (period, training site list, etc.), please contact the Center for Global Education and Discovery (1F, Building No.2) for details.

Internship courses are graded as “P” (pass) or “X” (fail), and will not be counted into the “maximum credit limit” per semester or year. They are also not included into the GPA calculation.

Expenses incurred for participating in the program will be a responsibility of each student. In addition, a program may be cancelled, or the program content may be changed for unavoidable reasons.

Research Guidance

Research Guidance refers to the research guidance (guidance for the preparation of dissertation, etc.) as set forth in Article 14, Paragraph 1 (Regulations>General Regulations of Sophia University Graduate Programs) of the Graduate School Regulations, which consists of the following:

- 【a】 Guidance on the preparation of dissertation, including conception, groundwork, and writing;
- 【b】 Guidance for meeting the requirements for submission of dissertations, theses or projects according to each program;
- 【c】 Guidance on academic reports and submission to journals; and

Other guidance related to the preparation of a dissertation, thesis, project, etc.

Research Guidance Registration

Registration for “Research Guidance” is managed at the Center for Academic Affairs based on notifications from each program. (Students do not need to register themselves.)

For the Spring Semester, registration will take place at the end of May, and for the Autumn Semester, at the end of November. Please confirm that you have been registered for each semester.

Students who entered in or after academic year 2017 must successfully complete the designated number of courses required for program completion. However, even after successfully completing the required number of courses, registration for Research Guidance will continue automatically for the duration of the student’s enrollment, and grades will be given

Procedure

Students are to consult with their Adviser individually when determining the day and the hour of their Research Guidance. Students are exempt from Research Guidance registration while on an Exchange Program or a General Study Abroad Program. For more information, inquire at the Center for Academic Affairs (Academic Services).

Other

For matters on research guidance, refer to the Sophia University Graduate School Bylaws on Research Guidance.

Doctoral Dissertation

For eligibility to apply to submit a dissertation, methods of submission, review of dissertations, examinations, etc., refer to Regulations>Sophia University Degree Regulations. For submission of a doctoral dissertation, inquire at the Center for Academic Affairs (Academic Records).

Beginning in academic year 2013, doctoral dissertations are required to be published online in full text. If, for some compelling reason, the full text cannot be published, an abstract of 20,000 or more letters and characters in length must be published within one year from the date of conferment of the degree and with the review and approval of Sophia University.

Master's Thesis

Eligibility for submission

Students enrolled in a Master's Program at a graduate school of Sophia University who either have been enrolled for more than two years excluding the periods of leave of absence and have already earned necessary credits, or will have been enrolled for two years at the end of the academic year in which submission is planned and is expected to have earned necessary credits by the conclusion of the process of thesis review.

Master's Thesis Registration

Students who are planning to submit a master's thesis are required to register for a master's thesis, along with course registration, during the registration period of the semester in which the submission of master's thesis is planned.

Deadline and Place of Submission, Format, and Number of Copies

Inquire at the office of relevant graduate school or program.

Post-submission

The date, time, and place of review/examination for the master's thesis will be designated by the program office.

Of the submitted copies of theses, the program office will take one original copy from each thesis and collectively submit them to the Center for Academic Affairs at a later date. The original theses will then be bound and stored in the closed shelves of the central library of Sophia University and made available for users' reference upon request. Data on each thesis (title, author, year of degree conferral, graduate school/program) will be added to the database and published both internally and externally.

Full text of a thesis for which a degree has been conferred may be registered in the Sophia University's Repository for Academic Resources (Sophia-R) for publication.

Withdrawal (cancellation) from Graduation Project and Master's Thesis

1. Request for withdrawal (prescribed form) should be submitted, with approval from the program chairperson, to the Center for Academic Affairs (Academic Services) during the course withdrawal period.
2. Students who, due to circumstances, wish to cancel the submission of or to withdraw the already submitted graduation project or a thesis in the current semester after the closing of course withdrawal period but before the deadline for submission of thesis should prepare a request for withdrawal (free format) addressed to the Director of the Center for Academic Affairs stating the intention to withdraw from submission, obtain the approval (with a seal) of the program chairperson (Director, Area Coordinator) and academic supervisor, and submit it to the Center for Academic Affairs (Academic Services).
3. Withdrawal (cancellation) after the deadline for submission of thesis is not accepted. Only when the project or the thesis is submitted, but review or examination has not yet been conducted, and the student has a particular reason to want to withdraw the submission, there is a possibility that the student may submit a letter (free format) to the Center for Academic Affairs (Academic Services), with approval from the program chairperson or Director (for GPGS students) and academic supervisor or Area Coordinator (for GPGS students). In such a case, the student must specify the reason of withdrawal (cancellation) in the letter.

[Notes] –

-If a student withdraws from submission, the grade "W" will appear on the student's transcript for coursework.

- If the student fails to carry out the procedure for withdrawal, a master's thesis will be graded as "F" and will appear on the academic transcript.

Period of Study Abroad

Students can join the "Exchange Program" for one semester or one year without taking a leave of absence. Those participating in the "General Study Abroad Program" can study abroad from one quarter. Established: January 1, 2013
Amended: April 1, 2021

(Purpose)

Article 1. The purpose of these detailed regulations is to set forth necessary matters concerning the application of Article 40, Paragraph 1 of the General Regulations of Sophia University (the "General Regulations").

(Two consecutive years)

Article 2. The "2 consecutive years" in Article 40, Paragraph 1 of the General Regulations means an enrollment period of 2 academic years in a row. However, for students who take leave of absence, the above period shall exclude the academic year which includes the leave of absence period, and shall instead mean the academic years preceding and following the leave of absence period.

2. For the Faculty of Liberal Arts, the English course in the Faculty of Science and Technology and SPSF of each faculty, the "2 consecutive years" in Article 40, Paragraph 1 of the General Regulations means a period of 4 consecutive semesters excluding the semester in which the student takes leave of absence.

(Curricular courses designated by Faculty/Department)

Article 3. The "curricular courses designated by their Faculty/Department" in Article 40, Paragraph 1 of the General Regulations means the Specialized Education Courses which are designated as mandatory for certain scholastic years under the educational policy of the Faculty/Department.

(Calculation of credits)

Article 4. The number of credits shall be calculated by adding up the credits earned during a period of 2 consecutive years. Any credits earned during an academic year which includes a leave of absence period shall be excluded from the credit calculation.

2. For students who are re-enrolled or enrolled with a bachelor's degree, the period of enrollment and the number of credits earned after their re-enrollment or enrollment shall be used for the credit calculation.

3. For transfer students, the number of credits approved for transfer shall be included in the credit calculation.

4. For students who study abroad for a period exceeding 1 year, the exceeding period shall be treated as a period of leave of absence in the credit calculation.

5. The number of credits approved for study abroad and other various reasons shall be included in the credit calculation.

(Special measures)

Article 5. When a student in the third or higher year has earned less than 32 credits over a period of 2 consecutive years, if the number of credits calculated by dividing the number of credits earned by the number of their enrollment years is 16 credits or more, the President may seek opinions at a Faculty Meeting for measures to keep the student enrolled. In such case, the academic year which includes the leave of absence period shall not be included in the student's enrollment period, but the number of credits earned shall be included. However, for the Faculty of Liberal Arts, the English course in the Faculty of Science and Technology and SPSF of each faculty, the student may stay enrolled on the condition that the number of credits calculated by dividing the number of credits earned by the number of semesters enrolled is 8 credits or more.

2. If a student who has passed a change of Faculty/Department examination is subject to withdrawal, the President may seek opinions at a Faculty Meeting to exempt the student from application of Article 40, Paragraph 1 of the General Regulations.

3. An academic year which includes a period of suspension shall be included in the 2 consecutive years in principle. However, for a special reason, the President may take special measures in consideration of the results of discussions between the head of the Center for Academic Affairs and the Dean of the Faculty to which the student belongs. The President may also take similar measures on students who fail to earn credits due to a reprimand for misconduct.

4. For illness or other special reasons, the President may take special measures in consideration of the results of discussions between the head of the Center for Academic Affairs and the Dean of the Faculty to which the student belongs.
