

# Spring 2026 Pre-Enrollment Course “Learning How to Learn” Final Assignments

## 1. “Learning Goal” Assignment

Think of a goal you would like to aim for while at university and design your learning to achieve that goal.

- Building upon what you learned in "Learning How to Learn," envision your future and set a learning goal for your undergraduate studies at Sophia.
- Is there anything particular you would like to accomplish? Any subject areas you are interested in, languages or skills you want to acquire, or an issue you want to explore? Be imaginative and practical in thinking through the necessary steps and experiences to achieve your goal.

Follow the procedures on pp.2-4 to submit your “Learning Goal” and at least three “Steps” toward that goal.

Your “Learning Goal” must be written within 1,000 letters (including spaces).

## 2. Essay Assignment

**Topic:** After learning about Sophia’s Educational Philosophy, how did you perceive the meaning of the phrase “For Others, With Others” as a reflection of its philosophy?

**Length:** Approximately 200 words (maximum 1,000 letters)

## Submission Period (for both assignments)

Wednesday, April 1 to Tuesday, April 7, 2026 (\*Due on April 7 at 11:59 pm, JST)

## Note

The final assignments require that you reflect on “Learning How to Learn” and think about your own learning experiences during and after your time at Sophia and how you relate yourself to “others.” Please refrain from using generative AI tools; instead, express your original thoughts in your own words.

The essay assignment will serve as the discussion material for one of the compulsory courses, “Studies in Christian Humanism: For Others, With Others.”

## How to Submit the Assignments

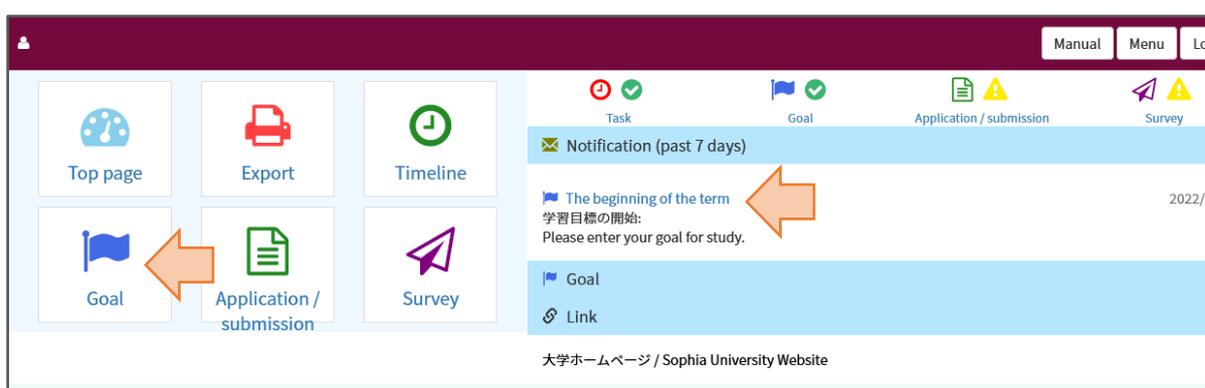

1. Prepare your learning goal and essay using a word processing software, such as Microsoft Word.

*Note: Keep the text document for the essay assignment even after submitting it, since you will need it for the compulsory course, “Studies in Christian Humanism: For Others, With Others.”*

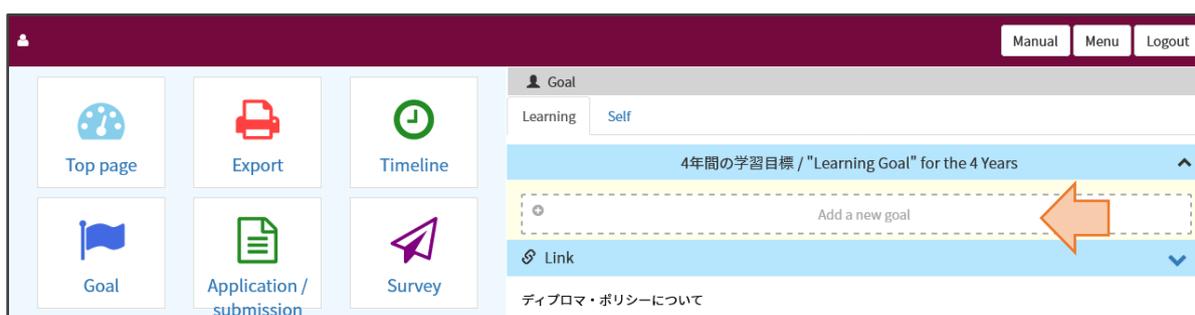

2. Log in to the “Self Learning Portfolio System.” Log-in information will be distributed to all students with their student ID cards on the day of the Entrance Ceremony.

### “Learning Goal” Assignment

3. Click on the “Goal” menu > “The beginning of the term”.

4. Click on “4年間の学修目標 / “Learning Goal” for the 4 Years” and select “Enter your self and create a new goal.”

5. Type in your Learning Goal. The maximum number of letters (including spaces) is 1000. Once you complete your learning goal, you can “Add a step” to add the necessary steps toward the goal.

6. Each step needs a start date, but you do not have to be too specific at this point. For instance, if “taking a Cultural Anthropology course in the 2nd year” is one of your steps toward your goal, but you are unsure about which semester to take it, put a start date of “2026/09/21.” This assignment aims to help you start thinking about your learning and opportunities at Sophia. Feel free to rethink and revise your goals and steps as you proceed with your studies.

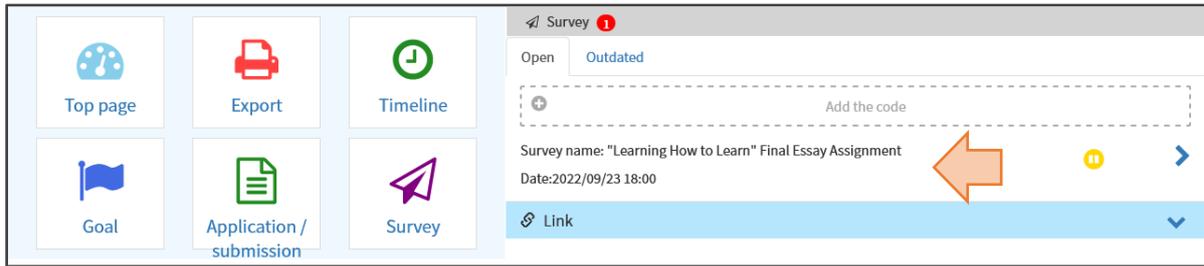

You may set a due date for each step if you prefer. You may also leave the “Interval” as 1 Day unless a specific step occurs repeatedly.

The “Add a question” function will remind you of actions associated with each step. You do not have to set it up at this point, but it will be an effective tool for managing your progress throughout your university experience at Sophia.

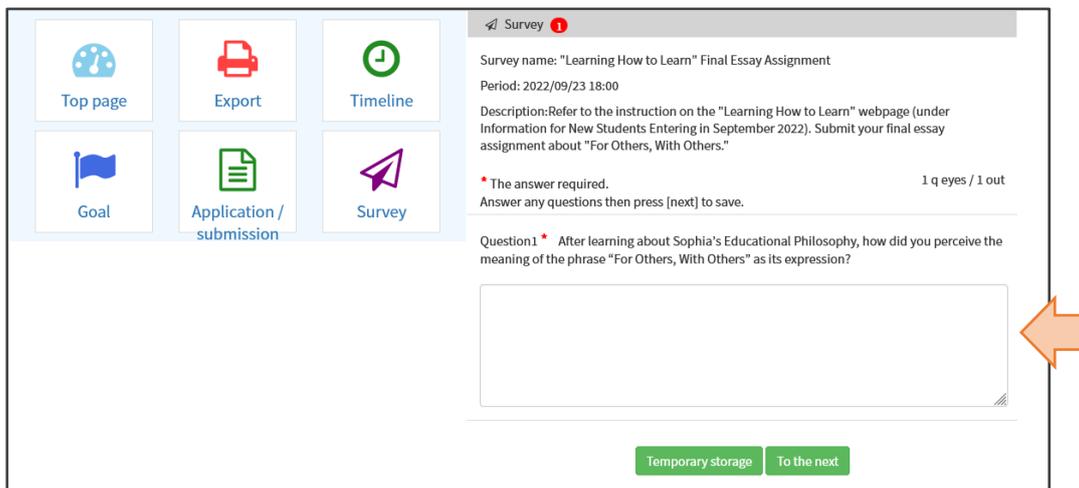

7. Once you finish registering your goal and at least three steps, you are done with this assignment. You may revise them whenever you would like.
