

Profile:

Hello, this is Akiko Takamatsu. I earned a Master of Arts in Japanese Pedagogy from Columbia University in New York City. I am currently teaching at California Polytechnic State University in California, USA. My academic interests focus on online and blended language instruction and the integration of artificial intelligence tools into teaching and learning.

I was raised in several regions of Japan, including Tokyo, Nagasaki, and Kagawa Prefecture, with Tokyo being my primary place of upbringing. Outside of my academic work, I engage in physical training, such as CrossFit and Pilates, enjoy playing the piano, and ski in mountainous regions.
