5. Guidelines for Course Registration

① Language courses

(1) English

For information about the English Language course (SPSF Common Core (Academic Skills)), refer to page SPSF 16 of the Bulletin of Information.

(2) Languages other than English

Regardless of your Major or Minor, students are strongly advised to take courses in a language other than their native language (students whose native language is not Japanese are recommended to take Japanese Language Courses).

② Specialized Education courses

(1) Selecting your Major and Minor

A minimum of 22 credits must be earned from a group of courses in the area chosen as the major and a minimum of 12 credits must be earned from a group of courses in the area chosen as the minor.

[Application and Registration]

Apply for the major and minor areas of your choice on My Sophia in May of the Second Year.

- a) The major area of study is determined by the placement of the seminar course. The procedure from application to decision of the placement is explained in (5).
- b) Once your Major and Minor are confirmed, the Center for Academic Affairs will fix the registration prior to the course registration period in the Autumn Semester of the 3rd year. By doing so, the graduation requirements of each student will be confirmed.

[Change of Major]

Change Procedure

- a) Students who wish to change their Major can do so once in the course registration period in the Autumn Semester of the final year of enrollment only if they have an exceptional reason and provided they receive a decision from a faculty meeting. Students who request a change must receive approval from their seminar supervisor and submit the prescribed application to the Department Office approximately one month prior to the course registration period in the Autumn Semester of the final year (Deadline: August 21, Wed.) A change of Major will necessitate a change of Minor.
- b) Credits for a seminar obtained prior to a change of Major may be included in credits necessary for graduation (allocated as Specialized Education Electives) but they may not be counted as the 4 seminar credits of Specialized Education Compulsory Electives. Consequently, it is necessary to obtain 4 credits from the Major after the change.

(2) Regarding course years: Students must comply with course years described in the Distribution of Required Credits list and the student year list of assigned courses. First year students cannot take courses in the 300 series and first year students and second year students cannot take courses in the 400 series.

- In the case of Courses taught in Japanese, a total of 24 credits may be counted toward graduation. Specifically, credits earned may be applied to (1) language courses among Elective courses in General Studies, (2) Core Category 2 (Compulsory Electives) courses, and (3) FGS Electives in Specialized Education.
- If you want to take a courses taught in Japanese in the category of Specialized Education, choose courses from the following subject groups.

- c) The major area of study is determined by the placement of the seminar course. Not all students can be placed in the seminar course of their first choice because of the limited number of students in the seminar courses. For this reason, your major and minor areas to be determined may not be areas to be as you requested.
- d) If more than 4 seminar credits are obtained, the extra credits up to 4 credits can be included in the 22 credits that should be obtained in the area of the student's Major. If you earn exceeding 8 seminar credits,
