For Parents and Guarantors

Sophia University

【Introduction】

Those attending the graduation ceremony at Sophia University (students, parents, and guarantors) are required to register in advance through the ticket application system.

On the day of the ceremony, please present the QR code from your "My Page" at the entrance. This manual provides information for parents and guarantors on how to apply and to modify information once registered.

If you have any questions or concerns, please contact soumu_kouenkai-co@sophia.ac.jp by email, including your name, the student's name, faculty, and the email address used for registration. Additionally, please review the following important points before applying.

【Please note】

- **A maximum of two guests may apply per student. Each person will need their own QR code. Please note that each person must register with a different email address, even if two guests attend together.**
- **Please note that if more than two applications are confirmed for the same student, the organizer will cancel any applications exceeding the limit.**
- If you register with the following mobile carrier e-mail addresses, you may not receive the "Registration Completed" email immediately after registration. If possible, please register with an e-mail address other than those listed below. (Even if you do not receive the e-mail, you will still be able to enter the venue using the QR code on your "My Page".)
○○@docomo.ne.jp, ○○@au.com, ○○@ezweb.ne.jp
- If you became unable to attend after obtaining the QR code, please be sure to cancel the application. (For details, please see the later part of this manual.)
- Sophia University uses the "Event Planner" from TKP Corporation for the entrance ticket application system for the graduation ceremony. Please be aware that the name "Event Planner" and the following logo will appear on the application screen and in the registration completion email.

- At the end of the manual, there is also a Frequently Asked Questions (FAQ) section, so please check there as well.

On this application site, there are certain areas where only Japanese can be displayed due to system limitations. The English translations for those parts are provided below.
