Sophia University

【Introduction】

Those attending the graduation ceremony at Sophia University (students, parents, and guarantors) are required to register in advance through the ticket application system.

On the day of the ceremony, please present the QR code from your “My Page” at the entrance of the venue. This manual provides information for students on how to apply and to modify information once registered.

If you have any questions or concerns, please contact soumu.kouenkai-co@sophia.ac.jp by email, including your name, faculty, and the email address used for registration. Additionally, please review the following important points before applying.

【Please note】

- Each student will need their own QR code.
- If you register with the following mobile carrier e-mail addresses, you may not receive the "Registration Completed" email which is supposed to be sent immediately after registration. We recommend registering with an email address other than the one listed below, if possible. However, even if you do not receive an email, you will still be able to enter with the QR code issued on your “My Page”.

○○@docomo.ne.jp, ○○@au.com, ○○@ezweb.ne.jp

- If you became unable to attend the ceremony after obtaining the QR code, be sure to cancel your application. (For details, please refer to the later part of this manual.)
- Sophia University uses the “Event planner” system from TKP Corporation for the entrance ticket application system. Please be aware that the name “Event Planner” and the following logo will appear on the application screen and in the registration completion email.

- At the end of the manual, there is also a Frequently Asked Questions (FAQ) section, so please check there as well.

On this application site, there are certain areas where only Japanese can be displayed due to system limitations. The English translations for those parts are provided below.
